SUMMARY OF EXPERIENCE

With over 25 years' experience as a registered landscape architect in Australia and overseas, Andrew has a proven background in all aspects of the profession across a wide range of landscape architectural/urban design project types.

He has been both the project and design manager on large scale contracts for private and government agency clients which included management of the project from concept through to the post contract administration phase. For over ten years Andrew has specialised in master planning, design and design development through his role as the Design Manager/Design Project Team Manager of Tract WA; as an Associate with Urbis and now with CUSP. The focus of these projects has mainly been on civic, residential, urban renewal, education and commercial projects.
