

Luke Lawn

POSITION

Project Landscape Architect

PROFESSION

Landscape Architecture
BIM

YEARS' EXPERIENCE

4

JOINED CUSP

2014

EDUCATION

BDE(LA)

SUMMARY OF EXPERIENCE

Luke joined CUSP in 2014 and is a valued member of the team contributing to award winning projects including Destination Brisbane Consortium's Queens Wharf and the Gold Coast Cultural Precinct (HOTA).

As CUSP's BIM Coordinator for Queens Wharf, Luke knows the potential for Building Information Modelling (BIM) for delivering complex, highly detailed and coordinated projects and believes BIM is the future of the industry.

With an enthusiasm for the outdoors, ecological design and future cities, Luke looks to channel his passions through providing sustainable yet meaningful outcomes for clients at all scales of the landscape.
