SUMMARY OF EXPERIENCE

Jason is a highly motivated, adaptable, and well-rounded landscape architect with 6 years project experience. He has been involved in a broad range of projects in the public and private realm. These include large parks, broadacre, subdivisions, luxury apartment right through to highly detailed residential gardens.

Jason has developed a wealth of skills and knowledge from concept design right through to delivery and construction. He has a strong passion for landscape architecture and in all aspects of the design process from conceptual design right through to construction documentation. Taking into consideration all site constraints and influences, this allows for well-considered design outcomes.

He aims for excellence when delivering projects and has been reflected in his recent acquiring of National and Interstate landscape architecture awards in 2021.
