Senior Landscape Architect

PROFESSION

Landscape Architect
Urban Designer

YEARS' EXPERIENCE

20+

JOINED CUSP

2022

EDUCATION

B BIt Env (Landscape Architecture) (Dist), QUT
Graduate Diploma Landscape Architecture (Dist.), QUT

SUMMARY OF EXPERIENCE

Louise brings over 20 years' experience in Landscape Architecture and Master Planning from both Australia, Europe and the Middle East. Her experience is diverse, ranging from the creation of boutique gardens to city scale planning. She approaches the creation of places with a detailed understanding of the relationship between the intrinsic landscape, people and built form. Peers recognise her ability to create a supportive collaborative environment to achieve great design outcomes.

Her work is grounded in research and benchmarking supported by both local and international project experience and research. She has frequently acted for clients in Planning and Environment Court hearings both as a Peer Reviewer and an Expert Witness.

Among other roles, Louise was Senior Associate and Urban Design Practice Leader at Woods Bagot in Sydney. Prior to this she was Associate Director at Lovejoy London for over 10 years. Educated at QUT she has a detailed understanding of the landscape of South East Queensland. She seeks to create landscapes for people, respecting place and celebrating built form.
