SUMMARY OF EXPERIENCE

Jason is a highly motivated, adaptable, and well-rounded landscape architect with 7 years project experience in incredibly diverse project types within the public and private realm. These include large public parks, subdivisions, luxury apartments, transport infrastructure right to highly detailed residential gardens and scooter tracks.

Jason has a strong passion for landscape architecture and thoroughly enjoys the design process across all phases from concept design right through to post contract administration. Jason's philosophical approach to design is to provide harmonious landscape outcomes with a focus on aesthetics, pragmatism, and sustainability.

He aims for excellence when delivering projects and has been reflected in his recent acquiring of National and Interstate landscape architecture awards in 2021.
