

Darcy Dunne

POSITION

Graduate Landscape Architect

PROFESSION

Landscape Architecture

YEARS' EXPERIENCE

1

JOINED CUSP

2024

EDUCATION

Bachelor of Design,
Landscape Architecture - QUT

SUMMARY OF EXPERIENCE

Darcy joined CUSP in 2024, graduating from a Bachelor of Design Landscape Architecture at QUT the same year. During her studies she has gained interest in widescale projects such as Masterplanning and National Parks, with a focus on the social impacts these projects have on the broader community.

Darcy's passion for Landscape started with her love for the coastal environments of Northern New South Wales, where she grew up. This has made her aware of the importance of the natural environment, developing an interest in how these spaces are designed, constructed and maintained, in an environmentally sustainable manner.

During her time at CUSP, Darcy has been involved in a range of Queensland Parks and Wildlife Services projects, spanning across the state. In assisting with these designs, Darcy has broadened her knowledge of existing landscapes, cultural factors and native plant species.
