

Sam Waterson

POSITION

Senior Landscape Architect

YEARS' EXPERIENCE

10

JOINED CUSP

2016

EDUCATION

BLArch (Hons)

SUMMARY OF EXPERIENCE

Sam began his employment at CUSP during the final year of his studies at Queensland University of Technology. He has since worked across a wide range of projects, including masterplanned communities, parks, natural areas/rehabilitation, and transport infrastructure.

Sam is experienced in managing projects through the design and documentation phases, and on to construction supervision and contract administration on site. He also keeps close ties with the academic world by tutoring and mentoring students at QUT when the opportunities arise.

Sam is passionate about demonstrating the value of the landscape by encouraging the regeneration of local flora and fauna and providing opportunities for humans of all abilities to enjoy our open spaces.
