**EDUCATION**

Bachelor of Design,  
Landscape Architecture - QUT

**SUMMARY OF EXPERIENCE**

Natalie joined the CUSP team in 2024 as a landscape technician whilst completing a Bachelor of Design Landscape Architecture at QUT. Natalie has a strong passion for community, accessibility and biodiversity within design. This has been strengthened through her experience in park design, rehabilitation, national parks and waterways and community master planning.

Natalie's expertise lies in drafting and conceptual images; however she is always seeking projects that will challenge her and broaden her skillset.
