SUMMARY OF EXPERIENCE

Originally from Los Angeles, California, Rowan joined the CUSP team in 2026. He is currently in his second year of Landscape Architecture at QUT, where he was awarded a place through the Vice Chancellor's College of Excellence Scholarship.

Rowan is deeply passionate about environmental responsibility, sustainable design, art, and fostering community. He sees landscape architecture as the ideal medium to bring these interests together in a professional context.

A commitment to growth, continuous learning, engaging with diverse perspectives and exploring different places and cultures underpins Rowan's approach to design.
